BuildersCAD Floor Framing Automatically gives you:

- Board Labels and Board Counts for all layouts.
- Precision Board Cutting for Exact Length Cuts.
- Pull List to the nearest 1'-0" Full Cut Length.
- Unlimited Joist Hanger Layout Tools
- Unlimited Board Size, Depth, Length & Type Creation.
- Complete Joist Hanger Counting and Reporting.
- 3D Board and Model Creation for Virtual Frame-up.
- Extraction of Walls as a dashed line for Alignment, Plumbing, load and HVAC checking.
- Complete integration with Roof and Wall Frame System.
- Edit Board feature for Copy, Move, Split, Merge and Add any and all Floor Boards.
- Direct Export into ARRIS EZ PRO for 2D and 3D Conferencing over a Local Network or the Internet.
