Faith Formation Weather Policy: If public school cancels due to weather, Faith Formation classes are automatically canceled. If two snow days occur, class will be made up as an extra class in May.

We ask that all elementary children be escorted to and from the building on Wednesday evenings. This is for their own safety. The parking lot is quite busy especially between 7:00 and 7:15pm when elementary students are leaving and grade 6-10 students are arriving. This is of special concern once there is no longer enough daylight to be able to see clearly. Please take the time to park your car and come into the building.
