Saint Pius V YLT

Mission Statement

The purpose of Youth Ministry is to help our youth experience Christ as the center of their lives. With the help of the Holy Spirit, they will share their talents and blessings by praising God, teaching the message of salvation and being enriched through service.

YOUTH LEADERSHIP TEAM

YOUTH LEADERSHIP TEAM

Youth Leadership Team (YLT)

The YLT will strengthen and enrich the faith of all in our parishes and help to build community.

The YLT represents a shift from adult led youth ministry programs to a program of youth leading youth and community.

We are a group of youth working together to lead and inspire the other youth of our parishes and communities.

The YLT is a leadership team of high school students who are in Confirmation preparation or are already confirmed. The team works closely with the pastor and Associates for Youth Ministry. Commitment to the Catholic faith is essential for all applicants. In addition, a team member needs skills in leadership organization, creativity, teamwork, responsibility, and communication.

Each year the team will take on a large project assigned by the pastor to teach the community. The team programs run July through May.
